JOB PROFILE

ACADEMIC STAFF:

Academic staff have academic, research and administrative responsibilities. Those in the clinical department will have clinical and patient care activities. MCC provides opportunities for professional growth. There are ample atmosphere to develop professional skills and bring out innovations in ethical ways.

FACULTY FOR PATHOLOGY:

The faculty proposed to be recruited will be placed in a new division of molecular pathology and they are expected to develop this sub-speciality. Though they will be assigned general and conventional onco-pathology responsibilities, developing the sub-speciality and innovative researches in the field are the thrust zones. This is a challenging responsibility and candidates with interest in the field and such challenges shall apply. Faculty will have academic, research and administrative responsibilities

LECTURER IN BIOSTATISTICS:

These faculties are for the Division of Clinical Research and Biostatistics under the Department of Cancer Registry and Epidemiology. Institutional Review Board, Academic program coordination, Research activity coordination, Academic -research activities etc form the major job profile.
